

Jack
The Vamps

C **F** **Am**
Jack when we were younger we hung out
F

We were inseparable
C **F**
But now jack you stole my thunder
Am **F**
Like my girl became my nemesis

Am **F** **Am**
He might be Mr. popularity but
F **Am**
I wouldn t wanna change a thing about me
F

Uh oh oh don t take this as jealousy,
Am **C** **F**
Just cause you re with him and not me

F
He drinks Daniels at the bar,
C
Drives his daddy s jaguar.
F **Bb** **C**
Rocking clothes with wills on the tag

F
Girl he s all up on your face
C
Wanna put him in his place
F **Bb** **C**
But right now I d rather be Jack

F
Saying look can t you see
C
He s a dick compared to me
F **Bb** **C**
You should know he ain t really all that
F

I still need you in my world
C
But he s got you as his girl
F **Bb** **C**
And that s why I d rather be Jack

C **F**
I can t delete his story,
Am **F**
Wipe your smile from my memory,

C **F**
And forget you ever crushed me

Am **F**
By sleeping with the enemy

Am **F** **Am**
I think he s just another wannabe so

F **Am**
I wouldn t wanna change a single thing about me

F **Am**
Oh Oh, you need to take this personally, cause

C **F**
You re with him and not me

F
He drinks Daniels at the bar,

C
Drives his daddy s jaguar.

F **Bb** **C**
Rocking clothes with wills on the tag

F **C**
So when you get tired of the same old lines,

G
same old faces, places,

Am **G** **F**
There s always somewhere you can run

C
Pretty soon you will work it out

G
And I will be right here waiting,

Right here waiting cause

F **C** **G**

Jack, Jack is not the right guy for,
 Am **G** **F**
Jack, Jack is not the right guy for you
 C **G**
Jack, Jack is not the right guy for you [2x]

F
