

**Missing You**  
**The Vamps**

**Bm** **A** **D**  
I ve had space and time to realize the grass ain t greener  
**G**  
And I kinda miss my side  
**Bm** **A**  
Know I shoulda listened when you told me the first time:  
**D** **G**  
You won t find another like me  
**Bm** **A**  
Cause I m sat here in my front room with a girl who ain t you  
**D** **G**  
Hopin and prayin you re breakin up with another fool  
**Bm** **A**  
Who didn t hear the words that I hear on the same loop:  
**D** **G**  
You won t find another like me

**G** **D**  
Maybe I shoulda loved harder  
**A** **Bm**  
Put up more of a fight  
**G** **D** **A** **Bm**  
I know I could ve been stronger tonight

**G** **D** **A** **Bm**  
I look for love, but there s a space inside my mind  
**G** **D** **A** **Bm**  
Where I keep on missing you, I keep on missing you  
**G** **D** **A** **Bm**  
If you ve seen enough, know that I ll be right here  
**G** **D** **A** **Bm**  
Now with somebody new, I keep on missing you

**Bm** **A** **D** **G**  
You, you

**Bm** **A**  
I learned every lesson, no more guessing  
**D** **G**  
No more reasons why I should be reminiscing  
**Bm** **A**  
Instead of saying how I feel (I feel)  
**D** **G**  
Instead of running from what s real (why)  
**Bm** **A**  
Cause I can t keep all this weight on my shoulders  
**D** **G**

I can't sleep while my bed's getting colder

**Bm A**

Strip it back and underneath, I know

**D G**

I'm scared you'll find another like me

**G D**

Maybe I shoulda loved harder

**A Bm**

Checked if you were alright

**G D**

I know I could've seen things in a better light

**A Bm**

Now I realize

**G D A Bm**

I look for love, but there's a space inside my mind

**G D A Bm**

Where I keep on missing you, I keep on missing you

**G D A Bm**

If you've seen enough, know that I'll be right here

**G D A Bm**

Now with somebody new, I keep on missing you

**Bm A D G**

You, you

**Bm A D G**

You, you

**Bm A D G**

You, you

**G D A Bm**

(I, I keep on missing, I, I keep on missing)

**Bm**

And even though there was nights

**G D A Bm**

(I, I keep on missing, I, I keep on missing)

**Bm**

We'd fight until it subsides

**G D A Bm**

(I, I keep on missing, I, I keep on missing)

**Bm A**

And, God, you know that I tried (I, I keep on missing)

**D G**

But I keep on missing you (I, I keep on missing)

**Bm A D G**

You, you

**Bm A D G**

You, you

**Bm A D G**

You, you

**Bm A D G**

You, you
