

My Place
The Vamps

E
Should I stay, another day?
A **E**
Inside my head, an empty space

Tried every way to clear my brain
A **E**
It s an attitude I can t escape

F#m
Cause for a while it goes when I breathe in
A **E**
Stays for a minute disappears when you touch my skin, oh
B
I don t wanna go

E
Let s go back to my place
A
Look at that face, I don t ever wanna let you down
C#m
Let s love by mistakes and heartbreaks
B
I never wanna see you frown
E
It s not so far away, who cares if they say?
A
We were stuck in a little town
C#m **B** **A**
I can tell by the look, that s written on your face
E
Let s go back to my place

E
Coffee stains, on my pillowcase
A **E**
And the way you smile, when the neighbors complain
E
Why d you play your cards close to your chest?
E
Wasting time when we could waste our breath
A **E**
Speaking bout how we d change the world from my bedroom

F#m
Cause for a while it comes when I breathe in
A **E**

Stays for a minute disappears when you touch my skin, oh
