On The Floor
The Vamps

Intro: **F   C   Dm   Bb**

```
F                           C
I, I don t wanna say goodnight
                    Dm
But I know if I come inside
                Bb                          F
That I d be playing with your heart and with your mind
                      C
Something that I always do
              Dm                       Bb
But if I tell you from the get-go, I can let go
                          F
And I ll leave it up to you
```

(**F   C   Dm   Bb**)

```
Dm          Bb          C
So open up the door
                F           Dm
I know that you can t wait
                  Bb                *C          C
 Til our clothes are on the floor, on the floor, on the floor
                                *=add pinky on 3rd fret, D string
```

```
Bb          F           Dm              C
  And I will take you there if you let me take you
Bb        F           *C            C
 To places that you ve never been, never been before
Bb          F           Dm          C
 And I love that dress you wear, but it s whatever
Bb              F           *C          C       Bb
 Cause I think that it would look much better on the floor, on the floor
```

```
F                           C
Don t call me 20 times a day,
                          Dm
Running out of things to say
              Bb                          F
Let s not get too obsessed to keep it fresh that way
                          C                 Dm
It s something you should always do, it s still romantic
                          Bb                  F
Less dramatic, but it don t mean I m not fanatic about you
```

(**F   C   Dm   Bb**)

```
Dm          Bb          C
So open up the door
                F           Dm
I know that you can t wait
                      Bb                *C              C
 Til our clothes are on the floor, on the floor, on the floor

Bb           F          Dm               C
  And I will take you there if you let me take you
Bb        F             *C            C
 To places that you ve never been, never been before
Bb          F            Dm          C
 And I love that dress you wear, but it s whatever
Bb             F              *C          C        Bb
 Cause I think that it would look much better on the floor, on the floor

C                      Dm
 And I will love you, if you let me
Bb                              F
 Tell me what I m supposed to do
C
 Cause there s no other
Dm                    Bb
 Place that I would rather be
                *C    C
Than here with you   (Darling, I know you can t wait)

Bb           F          Dm               C
  And I will take you there if you let me take you
Bb        F             *C            C
 To places that you ve never been, never been before
Bb          F            Dm          C
 And I love that dress you wear, but it s whatever
Bb             F              *C          C
 Cause I think that it would look much better

Bb           F          Dm               C
  And I will take you there if you let me take you
Bb        F             *C            C
 To places that you ve never been, never been before
Bb          F            Dm          C
 And I love that dress you wear, but it s whatever
Bb             F              *C          C
 Cause I think that it would look much better
Bb             F
On the floor, on the floor
Dm          C
(It would look much better)
Bb             F
On the floor, on the floor
Dm          C
