Wish I didn t look like hell

I get confused

**G**

**C**

Putting labels on things makes them complicated

**Am**

Don t think

**D**

Just do

**G**

When the music gets too loud

**C**

It s hard to say it

[Chorus]

**Am**

So can we talk later?

**D**

Then you can tell me what you want

**G**

When we ain t faded

**C**

Cause right now there s smoke in our lungs

**Am**

After we re naked

**D**

When your body says just what it wants

**G**

Can we talk, can we talk, can we talk, can we talk?

**C**

Spending half my night

When the music gets too loud

It s hard to say it

[Chorus]

**Am**

So can we talk later?

Then you can tell me what you want

**G**

When we ain t faded

Cause right now there s smoke in our lungs

After we re naked

When your body says just what it wants

Can we talk, can we talk, can we talk, can we talk?

**C**

Can we talk talk talk

**Am**

After the music dies

When we re back at mine

**G**

Can we talk, can we talk, can we talk, can we talk

**C**

Later?
