

**Time Is Not On Our Side**  
**The Vamps**

[Intro]

**F Am G**

[Verse 1]

**F**

You're getting better, better

**Am**

At guessing letters, letters

**G**

I'm writing with my fingers now

**F**

And we're just watching, watching

**Am**

Dust on the curtain, curtain

**G**

Illuminated, falling down

[Pre-Chorus]

**F**

**Am**

Now we've got the doors closed and you're telling me

**G**

**Dm**

You are mine and you'll go anywhere with me

**F**

**Am**

Tell me, can we stay right here and never leave?

**G**

I could go on and on

N.C.

But time is not on our side

[Chorus]

**F**

Waiting for the light

**Am**

Night after night

Night after night

**G**

And I know

I will slip away

**Dm**

Day after day

Day after day

**F**

til we're old

All I wanna do

**Am**

Is lie next to you

**G**

Lie next to you and stay close

**Dm**

But time is not on our side

**F**

Looking in your eyes

**Am**

Night after night

Night after night

**G**

And I see

Where I gotta stay

**Dm**

Day after day

Day after day

**F**

To find peace

All I gotta do

**Am**

Is lie next to you

**G**

Lie next to you and just breathe

But time is not on our side

[Verse 2]

**F**

We never wake up, wake up

**Am**

We only stay up, stay up

**G**

And let the seconds chase us down

**F**

But we re learning, learning

**Am**

Nothing s certain, certain

**G**

So can we stop the clock for now?

[Pre-Chorus]

**F**

**Am**

Now we ve got the doors closed and you re telling me

**G**

**Dm**

You are mine and youâ€™ll go anywhere with me

**F**

**Am**

Tell me, can we stay right here and never leave?
