Waves
The Vamps

```
   E
My hands are shaking
        E
Holding photos taken
      A
And I wanna get you out of my head
    E
I m bruised and broken
        E
By the words I ve spoken
     A
And there s not much of me left

     E
The cold in my bones
  E
I feel it in any weather
A
Ghosts in my home
      A
They leave  cause they can find much better
E
Lo and behold, I m on my own
     A
With only myself to blame

          E
 Cause I m a fool
         E
I let you down, I let you down
      A
I made waves, and I m ashamed
          E
This all for you
        E
I let you down, I messed around
      A
I made waves, my mistakes, yeah

  E
I know I m not perfect
     E
And I know you re hurting
   A
I m sorry that I wasn t there
      E
When I call in the morning
```

```
E
Without any warning
      A
I ll say all the things that I should ve said

      E
The cold in my bones
   E
I feel it in any weather
A
Ghosts in my home
      A
They leave  cause they can find much better
E
Lo and behold, I m on my own
      A
With only myself to blame

             E
 Cause I m a fool
           E
I let you down, I let you down
       A
I made waves, and I m ashamed
             E
This all for you
          E
I let you down, I messed around
        A
I made waves, my mistakes, yeah

C#m             A                  E
So can t we go back, can t we go back
        E                          B
To when nothing really mattered at all?
C#m             A                E         B
So can t we go back, can t we go back? Yeah

             E
 Cause I m a fool
           E
I let you down, I let you down
       A
I made waves, and I m ashamed
              E
This all for you
          E
I let you down, I messed around
        A
I made waves, my mistakes
        E
I m a fool
          E
```

```
I let you down, I let you down
        A
I made waves, and I m ashamed
            E
This all for you
        E
I let you down, I messed around
      A                         E
I made waves, my mistakes, yeah

        A
I made waves
       E
All for you
        A
I let you down
```
