Title of the song: WHATS GOING ON?

Cd: ELECTRIC SOLDIERS

**Am** **G** **F** **C** **Em**  
My working days are over and I might live somewhere  
**Am** **G** **F** **B**  
Tomorrow on my shoulder another day to bear

**Am** **G** **F** **C** **Em**  
Forever and all over I feel like Johnny Day  
**Am** **G** **F** **B**  
My face upon a poster in some window in Calais

**F** **Am** **G** **F**  
Time hangs heavy on my hands and my footstepsâ€™re uninspired  
**F** **Am** **G** **F**  
Kicked out of the bars where Iâ€™m a drunkard and a liar  
**F** **Am** **G**  
Crying like a dog lost in the night

**Am** **G** **F**  
What is going on? What is going on? Is it something in your words of have I  
**E**  
got it wrong?

**Am** **G** **F**  
Falling on the ground falling underground, where I cannot speak a word  
**E**  
cannot make a sound

**Am** **G** **F**  
What is going on? What is going on? Is it something in your words of have  
**E**  
I got it wrong?

**Am** **G** **F** **E**  
Falling on the ground falling underground, where I cannot speak a word

**Am** **G** **F** **C** **Em**  
I woke up from a short dream with a dazed look in my eyes

**Am** **G** **F** **B**  
Until darkness pulled me under and took me for a ride

**F** **Am** **G** **F**  
Time hangs heavy on your hands and your footstepsâ€™re uninspired  
**F** **Am** **G** **F**  
Travelling through the depths of your mind where you just cannot hide  
**F** **Am** **G**  
Crying like a dog lost in the night

**Am** **G** **F**  
What is going on? What is going on? Is it something in your words of have I  
**E**  
got it wrong?

**Am** **G** **F**  
Falling on the ground falling underground, where I cannot speak a word
