

**The Leavers Dance**  
**The Veils**

*Intro:* C# G# F# G#

C# G# F#  
Berenice, my hands, my feet are worn  
G#  
As much as yours are

C# G# F#  
And though my head, my hands, my heart are forming  
G#  
They still feel worlds apart

C# G# F# G#

C# G# F#  
Berenice, beneath it all you're golden  
G#  
And that's all I'm feeding on

C# G# F#  
And though my head, my hands, are growing colder  
G#  
We move in circles now

(Cue drums and bass)

C# G# F#  
Berenice, there's no release at all  
G#  
That's not worth dying for.

C# G# F# G#

C# G# F#  
Berenice, my hands my feet are worn  
G#  
As much as yours are

C# G# F# G#

C# G# F#  
Berenice there's no release at all  
G#  
That's not worth dying for

**C#                          G#                          F#**  
And it's not for our desires but our design  
**G#**  
that we all fall apart

**C# G# F# G#**

**C#                          G#                          F#**  
Berenice there's no release at all  
**G#**  
That's worthless crying for

**C#                          G#                          F#**  
And I don't mind leaving, don't mind leaving now  
**G#**  
Cause we all fall down.

**C# G# F# G#**
