**Ebm** **B**  
I m caught between the pen and the page  
**F#**  
Lost in the remains of the age  
**Bb**  
Daddy when you were young was it all this strange?

**Ebm** **B**  
Fear s inching up the ridge of my spine  
  
The talking clock reminded me  
**F#** **Bb**  
I ve never felt all myself and I don t know why

**B**  
I can t seem to get to grips with it  
**G#**  
I almost touched my fingertips to it  
**F#** **Bb**  
Why oh my oh my?

**B**  
Then the stars came out once the lights went out  
**G#**  
And I could not speak so I had to shout  
**F#** **Bb**  
And then the moon passed sadly by.

**B Ebm F#** 4x

**Ebm** **B**

**Bb**  
Honey, I ve seen the truth and it s worse than it seemed

I m confident this is correct. If you d prefer to play it without Capo, simply use the transpose function and tune it up four steps.
