

**Turn From The Rain  
The Veils**

Capo at 5th

*Intro:*

**G A 2x**

**G A**  
He married young, all rather at his bride s insistance  
**G A**  
He played it dumb, walked the line of least resistance  
**G A**  
And payed no mind to this and that, no phony answers  
**G A**  
If we re going blind, Momma s heart and Daddy s cancers

**F# Bm**  
Turn from the rain for all the good it done you  
**F# Bm**  
Turn from the rain you might as well have gone through  
**G Bm F# G**  
But I ll try my hand at another one  
**G Bm F# G**  
All things must pass that stand beneath the sun  
**G F#**  
Oh lord, Oh oh

**G A**  
He felt the truth wasn t known to him so I tried pretending  
**G A**  
And he raised the roof to see there d be no happy endings  
**G A**  
Out in the night, waited all night, returned at seven  
**G A**  
But I tell you son, either way it dies, it will not matter

**F# Bm**  
Turn from the rain for all the good it done you  
**F# Bm**  
Turn from the rain you might as well have gone through
