

European Son
The Velvet Underground

*****EUROPEAN SON*****

Ah the joys of manic, a tonal, feedback ridden art rock, hey?

The bass riff to this should be coming soon (I hope)- meanwhile here are the chords.

CHORDS (EADGB_e)

D X32010

E_b XX3121

E XX0232

During the first bit, just play around with a D chord.
In the second bit, one guitar should always play

E_b (quick slide up) **E** x3
D

For a few times, another guitar should double it. The rest is up to you. Just remember- Lots of feedback, noise, improvised solos.

LYRICS

(As i hear them!)

You killed your Eurpoean son
You spit on those under 21
But now you blue cars are gone
You d better say so-long
Goodbye

You paint your wallpapers green
You want to make love to the scene
Your European son is gone
You d better say so long you blue clouds
Choo choo goodbye

SOUND FX (running a chair across a floor and then smashing a plate on it)

MINDLESS NOISE
