Let Me Out
The Veronicas

{ VERSE }

              Em
I can t take the blame
               C
I can t take the pain
                    Am
If you re gonna let me down
    D
Do it now
         Em
Just let me down

               Em
I m too scared to sleep
              C
To see you in my dreams
                 Am
If you re gonna make me cry
      D
Do it right
        Em
Now make me cry

{ PRE-CHORUS }

       C
Ah ah ah ahhh

                  Am
Lovin how much you re making me
You don t even know
           Em
If you really need me

G   **C**
  Ah ah ah ahhh
How can I fight when love is the enemy
Am
I don t exist
           Em   **G**
Until you release me

{ CHORUS }

          C

```
If you think it s over
                          Am
If you think we re nowhere
                    Em      G
Just let me out
                   C
I m making it easy
                    Am
For you to go leave me
                    Em
Just let me out

{ VERSE }
                                         Em
You dig your claws in deep
                                       C
I m way out, breaking free
                                   Am
You can t keep this alive
                  D
We ll survive
                    Em
Push me aside

                                                     Em
 Cuz I can t run if you re coming haunt me
                                                 C
And I can t hide if you ve got the best of me
                            Am
You leave it unsaid
                          D
It s all in my head
                              Em
We re better off dead

{ CHORUS }

                      C
If you think it s over
                           Am
If you think we re nowhere
                    Em      G
Just let me out
                 C
I am making it easy
                    Am
For you to go leave me
                    Em
Just let me out
```

```
                        C
If you think it s over
                           Am
If you think we re nowhere
              Em      G
Just let me out
                 C
I m making it easy
                 Am
For you to go leave me
              Em
Just let me out

{ VERSE }

                    Em
I can t take the blame
                      C
I can t take the pain
                          Am
If you re gonna let me down
        D
Do it now
              Em
Just let me down

{ CHORUS }

                  C
If you think it s over
                         Am
If you think we re nowhere
              Em      G
Just let me out
                 C
I am making it easy
                 Am
For you to go leave me
              Em
Just let me out

                  C
If you think it s over
                         Am
If you think we re nowhere
              Em      G
Just let me out
                 C
I m making it easy
                 Am
```

For you to go leave me

Em
Just let me out
