Let Me Out
The Veronicas

{ VERSE }

```
                  F#m
I can t take the blame
                     D
I can t take the pain
                         Bm
If you re gonna let me down
        E
Do it now
             F#m
Just let me down

                   F#m
I m too scared to sleep
                  D
To see you in my dreams
                         Bm
If you re gonna make me cry
        E
Do it right
             F#m
Now make me cry
```

{ PRE-CHORUS }

```
           D
Ah ah ah ahhh

                            Bm
Lovin  how much you re making me
You don t even know
                 F#m
If you really need me

A            D
  Ah ah ah ahhh
How can I fight when love is the enemy
Bm
I don t exist
                  F#m       A
Until you release me
```

{ CHORUS }

```
                 D
```

```
If you think it s over
                      Bm
If you think we re nowhere
              F#m       A
Just let me out
                  D
I m making it easy
                  Bm
For you to go leave me
              F#m
Just let me out

{ VERSE }
                                  F#m
You dig your claws in deep
                                      D
I m way out, breaking free
                          Bm
You can t keep this alive
              E
We ll survive
              F#m
Push me aside

                                      F#m
 Cuz I can t run if you re coming haunt me
                                      D
And I can t hide if you ve got the best of me
                      Bm
You leave it unsaid
                      E
It s all in my head
                      F#m
We re better off dead

{ CHORUS }

                  D
If you think it s over
                      Bm
If you think we re nowhere
              F#m       A
Just let me out
              D
I am making it easy
                  Bm
For you to go leave me
              F#m
Just let me out
```

```
                      D
If you think it s over
                          Bm
If you think we re nowhere
              F#m       A
Just let me out
                  D
I m making it easy
                  Bm
For you to go leave me
              F#m
Just let me out

{ VERSE }

                  F#m
I can t take the blame
                      D
I can t take the pain
                          Bm
If you re gonna let me down
        E
Do it now
              F#m
Just let me down

{ CHORUS }

                  D
If you think it s over
                      Bm
If you think we re nowhere
              F#m       A
Just let me out
                  D
I am making it easy
                  Bm
For you to go leave me
              F#m
Just let me out

                  D
If you think it s over
                      Bm
If you think we re nowhere
              F#m       A
Just let me out
                  D
I m making it easy
                  Bm
```

For you to go leave me
                F#m
Just let me out
