G#   C#add9
New York, I was Judas
She said A latte,
double shot for Judas
Cry for the things
that happen, people
need to know
And for a dream to happen
You gotta let it go,
gotta let it go
Gotta let it go,
gotta let it go aha
Gotta let it go

You let it go
You let it go

But there must be
Some answer
I keep seeking,
cause I gotta know
We are numbered, and

we are labeled
Do we ever, break our home

I knew it, before you said it
There s no need for, need to wait
Need to wait

You let it go
I m running
In the sky
Slipping round
Hold me up high
I I I, high high high
High, high, high

Woohoo
Still holding on, you
know the dreams have
just begun
The dream s just begun
The dream s just begun
I know you re still holding on
Because the dream has just begun
