

Love Is Noise
The Verve

Ebm F# C# B
Will those feet in modern times
Walk on soles that are made in China?
Through the bright prosaic malls
And the corridors that go on and on and on

Ebm F# C# B
Are we blind - can we see?
We are one, incomplete
Are we blind - in the city?
Waiting for lightning to be saved, yeah
Cause love is noise, love is pain
Love is these blues that I'm singing again

Ebm F# C# B
Love is noise, love is pain
Love is these blues that I m singing again, again, again, again, again

Ebm F# C# B
Will those feet in modern times
Understand this world's affliction?
Recognise the righteous anger?
Understand this world s addiction?

Ebm F# C# B
I was blind - couldn't see
What was here in me
I was blind - insecure
Felt like the road was way too long, yeah

Ebm F# C# B
Cause love is noise, love is pain
Love is these blues that I m singing again
Love is noise, love is pain
Love is these blues that I m singing again
Love is noise, love is pain
Love is these blues that I m feeling again
Love is noise, love is pain
Love is these blues that I m singing again, again, again, again, again, again,
again

Ebm F# C# B
Cause love is noise, love is pain
Love is these blues that you're feeling again
Love is noise, love is pain
Love is these blues that I m singing again, again, again, again, again, again,
again

Ebm F# C# B

All those feet in modern times

Walk on soles made in China

Will those feet in modern times

See the bright prosaic malls

Will those feet in modern times

Recognise the heavy burden

Will those feet in modern times

Pardon me for my sins?

Love is noise
