Dont Tell Me

**G**

**G**

I don t know what I have done,

**Cm**

But Im sure I will in the next five seconds,

**G**

You see I have a telephone,

**Cm**

**G**

When people call, they don t stop ringing for me,

**G**

Last night was as mystery,

**Cm**

So the words can create a picture for my mind to see,

**G**

Pictures seem to make me sweat,

**Cm**

Something in the morning my sisters told me I would regret.

**Cm**

**D#**

Refuse to believe what you just told me,

**G**

**A**

Refuse to believe till you tell me slowly,

**D**

Or bring me down gradually.

**G**

Arensee he under-stands,

**Cm**

**G**

He s not afraid to tell me about my late night shenanigans,

**G**

See I was put here for the world to see,

**Cm**

**G**

You can t tell me where I m going or tell me who I d like to be,

**Cm**

**D#**

I don t intend to stop my drinkin ,

**G**

**A**

I know I should and it s clever thinkin ,

**D**

But don t tell me...

**G**

I don't know what I have done,

**Cm**

But I'm sure I will in the next five seconds,

**G**

You see I have a telephone,

**Cm**

When people call, they don't stop ringing for me,

**G**

**Cm**

**D#**

Things they change as you get older,

**G**

**A**

No longer a devil on each shoulder,

**D**

But please, please, please... don't tell me.
