And the web s been finally spun

PRE-CHORUS 1:

Meet me in my hidden place,

Bm/G

Where I hide my disillusioned face

Off the beaten track where there s no way back,

Bm/G

With the cider and blacks and the panic attacks

You and me are calling the shots

Em

Connecting souls like dot to dots

A/C

The stars in the sky like teenage spots

Em **G** **Bm**

That shine but pine for love

No, the captain s never too sure

PRE-CHORUS 2:

G

There s no footprints in the sand,

Bm/G

Where my ocean meets your land

On the bleeding knees, with the OCDs

You and me are calling the shots

Em

Connecting souls like dot to dots

A/C

The stars in the sky like teenage spots

Em **G** **Bm**

That shine but pine for love

Em **G** **Bm**

That shine but pine for love
