I m a broken man  
From a broken land  
This here s my broken band  
From your hand  
Yeah

I m a broken man  
This here s my broken band  
From a broken land  
We call Detroit City  
There s no blood on these hands  
That s why we came to take a stand  
We take the good, we take the bad  
It s all we ever -  
It s all we had  
Yeah
