Where do you go little bird when it snows, when it snows?

Am.....C.....G.....Dsus2.....Am.

When the world turns to sleep, do you know, do you know?

C.....G.....Dm.....C.....C/B

Is it something in the wind breathes a chill in your heart, life in your wings?

Am.....C.....G.....Dsus2.....Am

Does it whisper start again, start again?

Where is the sun in the night? Is it cold, is it cold?

Does it feel left behind? All alone, all alone.

Does it wander through the dark? Does it wait for the dawn, wish on a star?

Does it stray very far, very far?

Where is your home restless wind? Is it there, is it here?

Search for a place to belong - search in vain, search in fear.

Is your spirit everywhere? Is your voice every tree, the soul of the air?

If there s no home, is there no death? Is there no death?

Is there no death?
