\*For the verse pattern, make sure to emphasize the bass notes (A, G#, F#) at the beginning of each chord.

\*The Asus2 and Asus2/G# will each be for two beats, but if you listen carefully, the Dsus2/F# is for three (leaving only one for the E).

\*Chord making help: I use my 4th finger (pinky) for the G# in Asus2/G# and my thumb for the F# in Dsus2/F#.
