The Walker Brothers

(Baby) You Don t Have To Tell Me

C **C7**
You don t have to tell me, girl, because I know
F **F7**
Baby, don t you think I knew it long ago?

A
Baby, you don t have tell me
Bm
Baby, cause I already know, you see
E7 **A D G**
Baby, you don t have to tell me goodbye-ye-ye

There is someone new who gets your kiss now
What about the times before - don t they exist now?

Whoah - baby, you don t have tell me
Baby, cause I already know, you see
Baby, you don t have to tell me goodbye
Have a little lesson now
Baby - try to be a little kind
Baby - when I know what is on your mind
Baby - you don t have to tell me goodbye

Go ahead, tell me that s life, each day if you could
You are giving me a taste of life but good

Whoah " baby...
