Just Say Goodbye The Walker Brothers

Just Say Goodbye

D Am7 D

Just say goodbye and let me walk away,

Am7

There s nothing more to say when love like ours can die

Am7

Just say goodbye, forget the life we knew,

Am7

The memory of you, will only make me cry

G Gmaj7 G7

Just say goodbye, to leave me on my own,

E Am D

To face the world alone and never knowing why-y

G Gmaj7 G7

Just say goodbye, and though I don t know how,

E Am D

I couldn t hate you now, no matter how I tried

Just say goodbye, it s sad that you must go, you loved me once I know, this much I can t deny

Oh my love, my own true love,

Oh where did we go wrong

Oh my love, my own true love,

oh how can I go on?

Just say goodbye, it s sad that you must go...

D Am7 G

Just say goodbye and please don t turn around

F#m Em7

Another love you ve found now spread your wings and fly

D Am7 D Am7 D Am7

Just say goodbye.... just say goodbye.... just say goodbye...
