Just Say Goodbye

**E Bm7 E**  
Just say goodbye and let me walk away,  
**Bm7 E**  
There s nothing more to say when love like ours can die  
**Bm7 E**  
Just say goodbye, forget the life we knew,  
**Bm7 E**  
The memory of you, will only make me cry

**A Amaj7 A7**  
Just say goodbye, to leave me on my own,  
**F# Bm E**  
To face the world alone and never knowing why-y  
**A Amaj7 A7**  
Just say goodbye, and though I don t know how,  
**F# Bm E**  
I couldn t hate you now, no matter how I tried

Just say goodbye, it s sad that you must go,  
you loved me once I know, this much I can t deny

Oh my love, my own true love,  
Oh where did we go wrong  
Oh my love, my own true love,  
oh how can I go on?

Just say goodbye, it s sad that you must go...

**E Bm7 A**  
Just say goodbye and please don t turn around  
**G#m F#m7**  
Another love you ve found now spread your wings and fly  
**E Bm7 E Bm7 E Bm7**  
Just say goodbye.... just say goodbye.... just say goodbye..
