

Woman

The Walker Brothers

Woman

Intro: **Bbm9 Bbm** (4X)

G# Cm C# D#
No you didnâ€™t even take the time to find out what was on my mind,
G# Cm C# D#

Woman

G# Cm C# D#
And every hour of every day you watched our love just slip away
G# Cm C# G#

Woman

Bb7
You couldnâ€™t be what you had to be
You couldnâ€™t give everything I need

G# Bbm7
Oh woman I know itâ€™s gone

G# Bbm7
So woman Iâ€™m moving on

You saw me cry straight in your face, knowing youâ€™d found another place
Woman

And please donâ€™t try another lie, the others never satisfied me
Woman

Now you can do what you wanna do
Run to him, Iâ€™ll be glad for you
Oh woman I know itâ€™s gone
So woman Iâ€™m moving on

Bb G#
I hope you find out what youâ€™re for

Bb G#
I wish you love and nothing more

Bb G#
But if in time I still might find

Bb Bbm7
You running cross my mind I wonâ€™t be crying

So woman I know itâ€™s gone
So woman Iâ€™m moving on

P.S.: This is, actually, a John Walker solo song.
