Torch Song The Walkmen
Intro: E F#m7 E F#m7 E7 F#m7
A G D A If I had known the graceful song I should know
A G D A To slow down all the madness, I would have sung
A Whispered melody to calm you and keep you close
A But I don t know the tune
It s a burden on my sorry soul
A No, I don t have a clue
Bm E It s a weight upon my empty skull
A G D A If I was soundly sleeping, I d fall into dreams
But the night time s stale and restless, it s all wrong for me.
A G D A The night time s stale and restless, it s all wrong for me.
