Am

My mind is open
And my heart is full

C

I ain t got any weight

F

That I can t pull

C

And right now
I know that anything

E

Is possible

I m gonna bang my drum
Blow my horn
I forget what these pills
Were ever for
I believe
I won t need them anymore

I used to burn candles
At both ends
Now I just throw the whole damn thing
Right in
Now playing in traffic is easy
Once you learn
Where you get in

You wanna come with me
Then get on board

Get in or get out
Use either door
The future is calling
And it s me
That it s looking for

(chorus)

Cause it feels like summer again **Am**
I was thinking that it just might never begin **C** **G**
After winter and spring **Am** **C**
It s good to have the sun on my face again **G**

I wear big boots
I know I do
I ain t envious
Of anybodies shoes
I wear em loose
Now maybe that s
Why it bothers you

I m building my ship
Stick by stick
And where the waters get rough
I m getting in
The motion of the waves
It does not
Make me sick

(chorus)

I buried my horse
In a shallow a grave
I said a few things
I had champagne
That beast gave me everything
That nobody gave

I had high hopes
Tomorrow came
I won t look back
On anything
I just found out
That my bird
Can really sing..

(chorus)

Enjoy!
