**C C/B D Dsus**  
I know you find it hard to smile  
**C C/B D Dsus**  
To keep your happiness in style  
**C C/B D Dsus**  
You pass in silence in the morning  
**C C/B D Dsus**  
You know you shouldn't ever try to ignore me

**C C/B D Dsus**  
And you look to be pretty nervous  
**C C/B D Dsus**  
Sweaty hands and blood shot eyes  
**C C/B D Dsus**  
So hard to identify you  
**C C/B D Dsus**  
Just a loser in a loser's disguise

**\*CHORUS\***  
**Em C**  
She don't back down  
**D Dsus2 G**  
And she won't come around here  
**Em C**  
And there's all this talk about dying  
**C C/B Am**

Man, I don't get it for the life of me

**C C/B D Dsus**

With your fingernails painted red

**C C/B D Dsus**

And your eyes all ready to weep

**C C/B D Dsus**

Decorated from head to toe

**C C/B D Dsus**

Like a magician in a talent show

\*CHORUS\*

**Bm C**

She don't back down

**D Dsus2 G**

And she won't come around here

**Em C**

And there's all this talk about dying

**C C/B Am**

Man, I don't get it for the life of me

**C C/B D Dsus**

So you've smoked your last cigarette

**C C/B D Dsus**

Blindfolded on a train from Tibet

**C C/B D Dsus**

Broke your last bottle of wine

**C C/B D Dsus**

And unraveled your last ball of twine

\*CHORUS\*

**Bm C**

She don't back down

**D Dsus2 G**

And she won't come around here

**Em C**

And there's all this talk about dying

**C C/B Am**

Man, I don't get it for the life of me

Break...just mess around with the chords  
and move up the neck with C a little

\*CHORUS\*

**Bm C**

She don't back down

**D Dsus2 G**

And she won't come around here

**Em C**

And there s all this talk about dying  
**C C/B Am**  
Man, I don t get it for the life of me

**C C/B D Dsus**  
Well I know you find it hard to smile  
**C C/B D Dsus**  
To keep your happiness in style  
**C C/B D Dsus**  
Pass in silence in the morning  
**C C/B D Dsus**  
You know you don t need to ignore me

**Em C**  
Now there s all this talkin about dying  
**C C/B Am**  
Man, I don t get it for the life of me.
