The Wallflowers

I am a Building by the Wallflowers
words and music by Jakob Dylan

Capo V

Bm **G**

I m here by my window

D **A**

I am waiting for your parade

Bm **G**

I will salute you

D **A**

From above the crowd as you make your way

D

You won the battle

D7

You ve won the war

D6

I admit it now

Dsus **D** **G**

I could not give any more

Em

My condition is your reward

G

I Am A building

A **Bm**

Here without doors

The altitude is now

Getting to me

As they applaud you

On the boulevard

The whole valley looks like

Someone s body

All the people look like

Little scars

This day is taking

Forever

I will never say

Never say never again

The flesh around me

Is only pretend

G

Return to sender

A

Every letter

Bm

That is yours

Em

I am sure

G

That I am a building

A **Bm**

Here without doors

Fire blazing

On the overpass

Cattle grazing

In fields of dead grass

Last summer was earthquake weather

By November

This too should have passed

I am not moving

I am landlocked

I am looking through

A thousand windows spread across

A thousand floors

There in a landfill

Where Eden was before

But not anymore

I **Am A** building

Here without doors

D

G

Did you see me waving to you from above

Things are looking clear now

D

G

My eyes are wide enough to see the way a sniper does

Behind the barrel of a good gun

the uh huh s use the same chords aa verse

For worse or better

I surrender

It may not matter

But I m sadder than you ll ever know

I am your inferno

Here all in yellow

With embers blowing north

No sense in returning

I m not worried anymore

I **Am A** building

That is here without doors

I **Am A** building

That is here without doors
