I m looking up  
At the moving clouds  
I ve been down so long  
But I still think you  
Might come around  
So I m making plans  
For when you feel better  
You just might want  
Someone more familiar  
You won t find anyone  
Else to take you back  
Now sometimes you re an angel  
But you re usually  
A pain in the ass

(chorus)

**N.C.**  
I need your love  
Much more than I want it

**C5** **C5/B** **C5/A**  
You left me here

**C5** **D5**  
With another bad habit

**G5**  
Now you found paridise

**C5** **D5**  
And crawled to the shoreline

**G5**  
I saw a white flash

**C5** **A#5**  
And then I saw the lids of my  
eyes

(chorus)

**C5**

**D5**

Don t worry bout me baby

See you when I get there

**C5**

**D5**

Ahuh Ahuh

**C5**

**D5**

**G**

Ahuh Ahuh
