Bbm
Hey,
       Bbm   **C#** **G#**
I see a secret in your face
           G#   **F#** **G#**
Did someone steal you away?
         G#   **C#**   **F#**
Is there someone else in my place
   F#   **G#** **Bbm**
I don t like this game
         Bbm   **C#**   **G#**
I, I can see the death in your hands
        G#   **F#**   **G#**
Cause I know the way that you dance
     G#   **C#**   **F#**
Don t cover up cause it shows
      G#   **F#**
Mmm, I wish you would
F#
Stop right now what you re doing, I know

I got a needle in my brain and a nick in my bones
G#
I cannot do a damn thing cause nobody s home
F#
And it s hell, oh yeah
Now I say

Bbm
All my life, I played like a winner
G#
Now all I see looking back in the mirror
F#
Demons in my head
C#   **G#**
The demons in my head, oh oh
Bbm
All this time, the saint was a sinner
G#
The joke s on me, a stone cold killer
F#
Demons in my head
C#   **G#**
The demons in my head, oh oh

```
Bbm          C#      G#
You have a natural sway
                    G#    F#    G#
And you know how sweet you taste
     G#      C#      F#
But I can t take your flame
        F#        G#        Bbm
Like a bullet through my veins

          Bbm      C#          G#
As you scratch beneath my skin
     G#          F#  G#
My resistance crumbling
    G#      C#        F#
I cover up but it shows
        G#                F#
But I guess you know again
