Verso:

**Bb**  
You cast a spell on me, spell on me  
**Dm**                                    **Bb**  
You hit me like the sky fell on me, fell on me  
**Dm**                                    **Bb**  
And I decided you look well on me, well on me  
**Dm**                                    **Bb**                                    **Dm**  
So let s go somewhere no-one else can see, you and me

**Bb**  
Turn the lights out now  
   **Dm**  
Now I ll take you by the hand  
   **Bb**  
Hand you another drink  
   **Dm**  
Drink it if you can  
   **Bb**  
Can you spend a little time,  
   **Dm**                                    **Bb**  
Time is slipping away, away from us so stay,  
   **Dm**  
Stay with me I can make,  
   **Bb**  
Make you glad you came

**Dm**                    **Bb**  
The sun goes down, the stars come out

Dm                                  Bb  
And all that counts, is here and now

                  Dm                                  Bb  
My universe will never be the same

                  C  
I m glad you came

I m glad you came

                  Bb  
You cast a spell on me, spell on me

Dm                                  Bb  
You hit me like the sky fell on me, fell on me

Dm                                  Bb  
And I decided you look well on me, well on me

Dm                                  Bb                                  Dm  
So let s go somewhere no-one else can see, you and me

                                  Bb  
Turn the lights out now

                                  Dm  
Now I ll take you by the hand

                                  Bb  
Hand you another drink

                                  Dm  
Drink it if you can

                                  Bb  
Can you spend a little time,

                                  Dm                                  Bb  
Time is slipping away, away from us so stay,

                                  Dm  
Stay with me I can make,

                                  Bb  
Make you glad you came

                  Dm                                  Bb  
The sun goes down, the stars come out

                  Dm                                  Bb  
And all that counts, is here and now

                  Dm                                  Bb  
My universe will never be the same

                  C  
I m glad you came

I m glad you came

                  Dm                                  Bb  
The sun goes down, the stars come out

                  Dm                                  Bb  
And all that counts, is here and now

                  Dm                                  Bb  
My universe will never be the same

                  C

I m glad you came

I m glad you came
