Open your eyes and let the light,

Take you away, forget the day,

The hit makes you spit something you gotta say.

Am G F
We have grown and we own it all

This is a rave not a grave,
Am F
Everyone head to the light,
C G
Coz we are not, not afraid,
Am F
Of pushing the limit tonight

We re gunna rock your body,
G
Lets get on it,
Am F
The beat of your heart will ignite,

We re gunna shock your body,
