

Weakness

The Wanted

Hey i wanted to play the song but i didn t find any chords for this one, so i started to play with the piano and i came up with this which i think is really close if not the actual chords, so here it is.

Ebm **G#**
She aims a smile with the safety off
Fm **Bbm**
And she s not afraid to use it
Ebm **G#**
She holds my gaze just long enough
Fm **Bbm**
For me to feel like I m gonna lose it

Ebm **G#**
And I know that she knows
Fm **Bbm**
That I know what she s doing to me
Ebm **G#**
And she knows when she calls
Fm **Bbm**
I ll fall for her every time

F# **G#**
Cos I m wrapped I m wrapped around
Fm **Bbm**
Your perfect little finger
F# **Bbm**
And I m trapped inside the cell
Fm **Bbm**
Of every sound she makes
F# G# Fm Bbm
She is my weakness
F# G# Fm Bbm
She is my weakness

(SAME HERE)

A look from her is like oxygen
How would I keep breathing
Without her
She breaks a whole as she looks away
Now my heart ain t beating
Without her

And I know that she knows

That I know what she s doing to me
And she knows when she goes
I ll come for her every time

Cos I m wrapped I m wrapped around
Your perfect little finger
And I m trapped inside the cell
Of every sound she makes
She is my weakness
She is my weakness

F# **G#**
I know it might sound crazy
Fm **Bbm**
But I don t wanna let go
F# **G#** **Fm** **Bbm**
Now I don t mind spending every night if you don t let go

Cos I m wrapped I m wrapped around
Your perfect little finger
And I m trapped inside the cell
Of every sound she makes
She is my weakness
She is my weakness
