

Destinies Entwined
The Waterboys

Intro:

Bm
Her point of view was radical, more than just a change of plan
Bm **D** **G**
She sold me her proposal which I did not understand
A **D** **G**
She said the secrets in the road, I tried to decode the signs
Bm **A**
And followed her for seven years, all eyes and ears
G **Em** **F#** **Bm** **A G A**
Our destinies entwined... our destinies entwined

Bm **G** **Em**
The new land lay like Eden underneath my hungry feet
Bm **D** **G**
Its trees were tall, its people all so noble in defeat
A **D** **G**
Men were digging, men were building, men were killing time
Bm **A**
I took a spade and volunteered, a pioneer
G **Em** **F#** **Bm** **A G A**
Our destinies entwined... our destinies entwined

Bm **G** **Em**
I made a stand on principle but I had not grasped the facts
Bm **D** **G**
One folly breeds another, I made all the wrong contacts
A **D** **G**
I fell in with strange company for their armour it did shine
Bm **A**
I took the only path I knew, they took it too
G **Em** **F#** **Bm** **A G A**
Our destinies entwined... our destinies entwined

Bm **G** **Em**
While all men shouted black is white, and swore that good is ill
Bm **D** **G**
I saw three crosses pierce the sky above a distant hill
A **D** **G**
The sky burned red as I turned my head and I left that scene behind
Bm **A**
I took another god to be my guide, the one inside
G **Em** **F#** **Bm** **A G A**
Our destinies entwined... our destinies entwined

Bm **G** **Em**
I lay in bed and as I stumbled from the vale of sleep
Bm **D** **G**
Across the theatre of my mind a passing thought did creep
A **D** **G**
That love is all and all is love, love infinitely kind
Bm **A**
I woke and glimpsed through prison bars a billion stars
G **Em** **F#** **Bm** **A G A**
Our destinies entwined... our destinies entwined
