The Waterboys

Intro:

Bbm

Bbm **F#** **Ebm**
Her point of view was radical, more than just a change of plan

Bbm **C#** **F#**
She sold me her proposal which I did not understand

G# **C#** **F#**
She said the secrets in the road, I tried to decode the signs

Bbm **G#**
And followed her for seven years, all eyes and ears

F# **Ebm** **F** **Bbm** **G#** **F#** **G#**
Our destinies entwined... our destinies entwined

Bbm **F#** **Ebm**
The new land lay like Eden underneath my hungry feet

Bbm **C#** **F#**
Its trees were tall, its people all so noble in defeat

G# **C#** **F#**
Men were digging, men were building, men were killing time

Bbm **G#**
I took a spade and volunteered, a pioneer

F# **Ebm** **F** **Bbm** **G#** **F#** **G#**
Our destinies entwined... our destinies entwined

Bbm **F#** **Ebm**
I made a stand on principle but I had not grasped the facts

Bbm **C#** **F#**
One folly breeds another, I made all the wrong contacts

G# **C#** **F#**
I fell in with strange company for their armour it did shine

Bbm **G#**
I took the only path I knew, they took it too

F# **Ebm** **F** **Bbm** **G#** **F#** **G#**
Our destinies entwined... our destinies entwined

Bbm **F#** **Ebm**
While all men shouted black is white, and swore that good is ill

Bbm **C#** **F#**
I saw three crosses pierce the sky above a distant hill

G# **C#** **F#**
The sky burned red as I turned my head and I left that scene behind

Bbm **G#**
I took another god to be my guide, the one inside

F# **Ebm** **F** **Bbm** **G#** **F#** **G#**
Our destinies entwined... our destinies entwined

Bbm **F#** **Ebm**
 I lay in bed and as I stumbled from the vale of sleep
Bbm **C#** **F#**
 Across the theatre of my mind a passing thought did creep
G# **C#** **F#**
 That love is all and all is love, love infinitely kind
Bbm **G#**
 I woke and glimpsed through prison bars a billion stars
F# **Ebm** **F** **Bbm** **G#** **F#** **G#**
 Our destinies entwined... our destinies entwined
