Come On Daniel
The Wave Pictures
```

```
C
There s a spider on the sheets outside
March cloud covering your eyes
                  C
& there s lager - flat lager -
In the mugs & in the cups around the sink
[CHORUS]
Come on Daniel (Come on Daniel)
Come on Daniel ( Come on DAniel)
There s no need to apologize
Come on Daniel (Come on Daniel)
Come on Daniel (Come on DAniel)
My stomach cannot stomach any lies
F
Sand between my toes & around my belly button
But my sea salt kiss is still a big fat nothing
                     C
& Catherine Riddler told me to tell you
                   C
I wouldn t give up anything if I was you
[CHORUS]
Come on Daniel (Come on Daniel)
Come on Daniel (Come on DAniel)
There s no need to apologize
Come on Daniel (Come on Daniel)
