(ukelele intro, same chords)

Verse:(only ukelele)

I read your letter, I read your letter
C#m F#m Bm C#m F#m C#m

I think youâ€™ve taken everything from me Iâ€™ve had to give

I die for beauty, I die for beauty

Adjusted in the tomb

Until the moss reached our lips,
Bm C#m
And covered up our names
F#m Bm C#m
Sweet is the swamp with its secrets

Iâ€™m not going to paint myself on you

Iâ€™m going to the city, to dine more

You can make me a palette on your floor

F#m **Bm** **C#m**
Tonight

Bass and drums only while it sounds guitar feedback, no ukelele.

Guitar solo: it s played on F# minor pentatonic, on 14th fret. It s not too difficult to
along with but tab it out would be quite a hard work.
