C#m
Spending all these nights just living a lie

It s never gonna be what I had in mind
C#m
Wasting all these hours and I m killing time
A5
Wishing away my life, till you re in front of me
C#m
The day s turned to gray, gonna fade it to night
A5
Little parts of me await that fading light

(PRECHORUS)

B5 **A5**
And I ll try not to hurt
B5 **A5**
It s my pride, I ve waited for you

(CHORUS)

E **B5**
It s breaking here with me
A5
All I ve seen and hope to understand
E **B5**
Your silent worded pleas have brought me down
A5
I ll give you all I can

(VERSE)

Your hands are still but they re feeling fine

Tracing away my lines
Gifts I ve yet to see

We ll take our chance on each other tonight
Quiet warm denials
Till we have broken free

(PRECHORUS)

And I ll try not to hurt you
See it s my pride, I m praying for you

(CHORUS)

It s breaking here with me
All I ve seen and hope to understand
Your silent worded pleas have brought me down
I ll give you all I can

(BRIDGE)

F#m **B**
These little broken lights
F#m **B**
Just want you here tonight
F#m **A**
I ll lay down all my precious moments
A **B**
For you I ll take that fight

(CHORUS)

It s breaking here with me
All I ve seen and hope to understand
Your silent worded pleas have brought me down
I ll give you all I can
