In a Fashion - The Webb Brothers

Chords by Matt Poole of England, England.  
A great song, and a piece of cake to play.

Verse 1

I hope you make some money,  
I hope it takes you solo,  
I know you ve gotta picture in your head,  
And it doesn t look a bit like me,  
I hope that you are happy,  
So happy that it kills you,  
If I had thicker skin,  
Then i d let you rub it in,  
I m sure you d have alot to say,

Chorus

I guess you loved me in a fashion,  
I guess you loved me in your own way,  
I bet you knew that this would happen,  
I guess you loved me in a fashion,

Verse 2 - as verse 1

You don t have to worry,  
No you won t even see me,  
Cos I can pack it in,  
And I can put myself to bed,  
I know most days are sunny,  
In your daydream head,  
I know where you ve been,

You don't have to fill me in,  
I can see it's working out OK,

Chorus 2 - as chorus 1

I bet you loved me in a fashion,  
I guess you loved me in your own way,  
I guess I knew that this would happen,  
I guess I loved you in a fashion,

**G**

I guess I loved you in a fashion,

use verse chords over slidey-guitar solo,  
and then do the chorus again. And relax.

Peace.
