

Material Girl
The Weeknd

Basically, you can play the whole song just with those three chords but you can play it like I do, too. (:

Intro and the whole song: **Dm, C, G7, Dm, C, G**

I got a confession to make
I don't rush a date
Commitment is an enemy to me
But ever since her lips touch my face
It's like a kiss was laced
I'm fiend, I'm fiend, I'm fiend
I usually like to slow down the pace
Love to tease and play
But girl I need to be direct with you
Cause in my mind your voice just replays
Like a broken tape
What you do, what you do, what you do
