**Em G Am**

Hey, I mma visit the sky today

**C G Am**

Hey, I mma dance on the clouds today

**Em G Am**

And make it rain, on everybody beneath us

**C G Am**

Just cause they try, doesn t mean they can be us

No, nobody can be us

I m tryna sink in some gin

I need, I need, I need, I need

And all this Hennessy got niggas in here hating on me, on me, on me

But if the neighbors know my name then, then I m doing something right

And if their mamas know my name, and if their homies know my name then

Then I m doing something right

And if their girlfriends know my name

Just cos she loves you, don t mean she understands

I don t give a damn, I ll make her fuck the band

(I love the guitars)

I already know, I ve seen her at my show banging out XO

And her friend s a freak

She can t feel her throat, she can t feel her knees

And I m not tryna talk

And I m not tryna walk

Just lift me out the club

One of those, it s gonna be one of those nights

One of those, it s gonna be one of those nights

Weed blowing, champagne poppin

Got that drink flowing, champagne poppin

Pounds of weed, Sour D

That medical for my allergies

In the hotel with your girl

For â€˜bout a week, shootinâ€™ a shower scene

She a bad chick like Bonnie Parker

Rolled the blunts in my flying saucer  
Juicy J - the new skywalker, Iâ€™ll put your ho in a body auction  
When Iâ€™m having fun, Iâ€™m still getting paid  
Got a whole lot of mud in my Minute Maid  
Stay riding through the city with my twelve gauge  
Hating ass niggas, get it any day  
Got a house on the hill cost a couple of mill  
Juicy J got bank like uncle Phil  
Keep snow bunnies that like popping pills  
Keep a double cup, I like cracking seals  
Y all niggas shit, I m still going strong  
Bought the loudpack now I m in my zone (in my zone)  
Rolls Royce got me feeling like King Tut  
Got my codeine cups, bout to drink up  
If you re talking about money, we can link up  
Bad red boned bitch, body inked up!  
Your girlfriend coming home with me  
And when she alone with me, she gonna suck dick and she don t spit  
Or I mma put that bitch back on the streets  
I m kickin it with girls that be going bi  
Cos their pussy is the best and their head fire

One of those, it s gonna be one of those nights  
One of those, it s gonna be one of those nights  
Weed blowing, champagne poppin  
Got that drink flowing, champagne poppin

Girl, I mma visit the sky today  
Hey, I mma dance on the clouds today  
And make it rain, on everybody beneath us  
Just cause they try, doesn t mean they can be us

One of those, it s gonna be one of those nights
