[Outro]

Em

Quand une putain de colombe blanche chante sa chanson

Em

C'est tout ce qu'on entend

Em

Les jours se déroulent comme de la ficelle dans le vent

Em

Embobinés dans ma toile, je les dévoile à nouveau

Em

10 ans mon ami, que rien d'autre ne compte

Em

Elle n'était qu'une gamine à ce moment

Em

Souffrant d'un cœur brisé, une douleur très profonde

Em

C'est là où je l'ai aperçue, seule, prête à entamer ses 17 ans
