Now we re lying about the nights
Hiding it all behind the smiles
Take a look at what you did
You probably thought that you d break my heart
You probably thought that you d make me cry
But baby it s okay
I swear it s okay

Cause I know everything
I know everything
I know everything
I know everything

Now these talks don t twist like they did before
It s hard to keep you up
And you are crying
But baby it don t hurt
Oh, like you thought it would
The more of you the merrier

Now we re lying about the nights
Hiding it all behind the smiles
Take a look at what you did
You probably thought that you d break my heart

You probably thought that you'd make me cry
But baby it's okay
I swear it's okay

Cause I know everything
I know everything
I know everything
I know everything
