

Citywide Rodeo
The Weepies

Song: Citywide Rodeo

Album: Say I Am You

Band: The Weepies

Probably not accurate to the key on the album, but it works well enough.

D A D A
Citywide rodeo, you set on the stage
D A D A
Where all the clowns will go when they feel their age

A D A D A D
And I know that you think you re not good for anything
D A Em
The world makes you feel so small
D A
Get on your wooden horse
A Em D
This is a ride, not a fight
A D Em
No need to save face, say goodnight, Grace
A
Good night, Grace.

D A D A
There s dust on the stadium seats, there s dust in your hair
D A D A
You wonder how fast you ll go when you hit the air

D A D
And oh, isn t it strange how things can change you?
D A D
And oh, isn t it plain that some things unname you
D A D
So don t ask anybody else.

D A D A
Citywide rodeo, step into your car
D A D A
Look up at the indigo and pick out your star.
