

**I Am The Moon**  
**The White Buffalo**

**C** **G**  
You are the sun  
**C** **G**  
I am the moon  
**C** **Em/C** **G**  
Chase you around like a better fool  
**C** **G**  
Sometimes I go dark  
**C** **G**  
Blocked by the world  
**C** **Em** **C**  
You shine so bright, on the other side  
**G**  
Gives light to the Earth

**C** **G** **D**  
And the morning comes too soon  
**C** **Em**  
Cause I m the Moon

**C** **G**  
You are so far  
**C** **G**  
Distant somekind  
**C** **Em/C** **G**  
But I ll keep on staring until I go blind

**C** **G** **D**  
And the morning comes too soon  
**C** **Em**  
Cause I m the Moon

**Am**  
But every once in a while  
**G**  
We lock in the sky like clovers  
**F**  
Just for the moment I cover  
**Em**  
You up and we will intertwined  
**Am**  
But I hold you tight  
**G**  
Just for a time and it s done  
**F**  
Just for a time we were one  
**Em**

Kiss and we say goodbye

**C**                    **G**  
You are the sun

**C**                    **G**  
I am the moon

**C**                    **Em/C**                    **G**  
Chase you around like a better fool
