

I Am The Moon
The White Buffalo

C **G**
You are the sun
C **G**
I am the moon
C **Em/C** **G**
Chase you around like a better fool
C **G**
Sometimes I go dark
C **G**
Blocked by the world
C **Em** **C**
You shine so bright, on the other side
G
Gives light to the Earth

C **G** **D**
And the morning comes too soon
C **Em**
Cause I m the Moon

C **G**
You are so far
C **G**
Distant somekind
C **Em/C** **G**
But I ll keep on staring until I go blind

C **G** **D**
And the morning comes too soon
C **Em**
Cause I m the Moon

Am
But every once in a while
G
We lock in the sky like clovers
F
Just for the moment I cover
Em
You up and we will intertwined
Am
But I hold you tight
G
Just for a time and it s done
F
Just for a time we were one
Em

Kiss and we say goodbye

C **G**
You are the sun

C **G**
I am the moon

C **Em/C** **G**
Chase you around like a better fool
