Verse 1

	[G]	
Well Iâ€™m finding it harder		
	[A#]	[F] [G] [F][G]
to be a gentleman every day		
	[A#]	[F]
All the manners that Iâ€™ve been taught		
	[G] [F][G]	
have slowly died away		
[F]		
But if I held the door open for you		
	[G]	
it would make your day		

Chorus

[G]	[A#]	[F]	[A#]	[A]	[G]
[G]	[A#]	[F]	[A#]	[A]	[G]

Verse 2

[G][F][G]	
[G]	
You think that I care	
	[A#] [F] [G] [F][G]
about me and only me	
	[A#] [F]
When every single girl needs help	
	[G] [F][G]
climbing up a tree	
[F]	
Well I know I donâ€™t take much	

[G]

to satisfy me

Chorus

Verse 3

[C]

[A#]

Maybe it's whatever's in my hand

[G]

that's distracting me

[A#]

But if I could find emotion

[C]

to stimulate devotion

[D]

well then you'd see

Chorus

Verse 4

Well I'm finding it hard to say
that I need you twenty times a day
I feel comfortable so baby why
don't you feel the same?
Have a doctor come visit us
and tell us which one is sane

Verse 5

Well I never said I wouldn't
throw my jacket in the mud for you
but my father gave it to me so
maybe I should carry you
then you said
"you almost dropped me"
so then I did
and I got mud on my shoes
