The Whitest Boy Alive

Hey there, so proud I am the first to tab this song.

It is easy, basic and great. Business as usual. Love to the group.

There you go.

First part of the verse Erlend plays the F#m on ninth fret, second on 2nd fret.

Intro: **F#m E D E D (E)**

Freedom is a possibility only if you're able to say no.

F#m E D E D (E)

People in northern Europe since medieval times,
We find it hard to deal with when our dreams come true.
As it happens in success in the world that afflicts the mount,
And if you feel up, somebody somewhere else feels down.

Taking on responsibility knowing it will weigh you down...
Freedom is a possibility only if you're able to say no.
Taking on responsibility knowing it will weigh you down...
Freedom is a possibility only if you're able to say no.

I didn't tab the exact interludes, but it's basically these three, four chords.

Peace from Berlin - F.hain.
Dedicated to Jonas and Christian, best roommates ever.

Enjoy, Jonas
