The Who

Some people seem so obsessed with the morning  
G A  
Get up early just to watch the sun rise  
G A  
Some people like it more when there s fire in the sky  
G A  
Worship the sun when it s high

Some people go for those sultry evenings  
Em B7 Em  
Sipping cocktails in the blue, red and grey

But I like every minute of the day

I like every second, so long as you are on my mind  
G Bbdim  
Every moment has its special charm  
Em A7sus4 A7  
It s all right when you re around, rain or shine

I know a crowd who only live after midnight  
Their faces always seem so pale  
And then there s friends of mine who must have sunlight  
They say a suntan never fails  
I know a man who works the night shift  
He s lucky to get a job and some pay  
And I like every minute of the day

I dig every second, I can laugh in the snow and rain  
I get a buzz from being cold and wet  
The pleasure seems to balance out the pain

And so you see that I m completely crazy  
I even shun the south of France  
The people on the hill, they say I m lazy  
But when they sleep, I sing and dance  
Some people have to have the sultry evenings  
Cocktails in the blue, red and grey  
But I like every minute of the day
